

**Precision Teaching: Math Fact Fluency & More**

*Strategies designed to develop math fluency for learners of all ages*

**Friday, February 18, 2011 8:30 to 12:30**

Designed for classroom teachers, math teachers, special education teachers, tutors and paraprofessionals who have at least minimal exposure to / experience with Precision Teaching, this workshop will provide an overview and practice of strategies for teaching a math fact fluency block to students of all ages. Participants will have the opportunity to brainstorm strategies relevant to individual students. Although an overview of charting will be provided, full charting instruction is not a key component of this workshop.

**Workshop highlights:**

- Math fluency achievement (practice delivery of multi-channel approach in teaching a math fact slice)
- Planning a math fluency block
- Embedding strategies into curriculum
- Sharing of individual case studies (bring specific student questions/profiles and charts)

**Earn 4 CEU hours.**  
Documentation provided at the close of the workshop.

**Registration cost is \$115.00. Registration deadline February 8<sup>th</sup>  
Early Bird Registration by January 28<sup>th</sup> \$100.00**

The workshops will be held at the offices of Exeter Speech, Language & Education Associates, 118 Portsmouth Avenue, Stratham, NH 03885. Workshop is subject to a minimum of 10 and a maximum of 20 participants.

Sherri Beall, M. Ed. will be the instructor for this workshop. She received her initial Precision Teaching training at *Morningside Academy* in Seattle, WA and has continued to work in consultation with Elizabeth Haughton, an expert in Precision Teaching, to develop her repertoire of skills. Sherri is a partner in Exeter Speech, Language & Education Associates and has developed a math program based on Precision Teaching techniques. Her experience includes teaching in both public and private school settings.
